AJAX Lubrication System Information For The Design Of Divider Block Systems

Company _____ Phone (____)____-____ Fax (____)____-____

Billing Address _____ City _____ State _____ Zip _____

Shipping Address _____ City _____ State _____ Zip _____

Compressor Location _____ Unit # _____

Current Lube No-Flow Device _____ Other _____ Provide new No-Flow Device

Divider Block Manufacturer _____ Provide new Divider Blocks Yes No

Max. RPM of compressor _____ Stroke _____ In. Rod Diameter _____ In. Max. Discharge Pressure _____ PSI

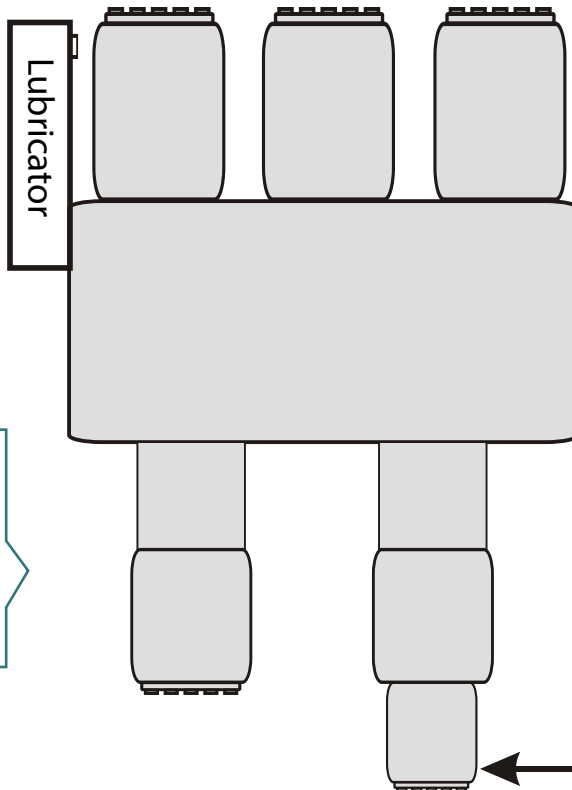

Condition of Gas Compressed: Air Pipeline Quality Sweet Sour Dry Wet CO2 Propane

Other: _____

Check Valve Size: 1/4" 1/8"

AJAX MODEL # _____

Manufactured by:
Lube Box Model #

Power Cylinders
In use: Yes No
Bore _____ Inches
Lube Points to CYL

Cylinder
In use: Yes No
Bore _____ Inches
Lube Points to Cylinder
Lube Points to PKG
Suction Valve Flushing

Cylinder
In use: Yes No
Bore _____ Inches
Lube Points to Cylinder
Lube Points to PKG
Suction Valve Flushing

Special Instructions:

Tandem Cylinder
In use: Yes No
Bore _____ Inches
Lube Points to Cylinder
Lube Points to PKG
Suction Valve Flushing

Name : _____ Date: _____ Email: _____
